

Launch Meeting Success

A big **thank you** to all those who attended the POSNOC Launch event held at the University of London's Senate House back in May. The event was a huge success with 111 people attending, the feedback was very positive with all delegates indicating that their knowledge of the trial had increased after the event. *The POSNOC Team.*

Recruitment

Congratulations to the **Derby team** for recruiting the first patient into the POSNOC trial!!
Congratulations to **Royal Bolton, Belfast** and **Royal Gwent** for recruiting their first patient!!

Centre	Date opened to recruitment	Total randomised	Date first participant randomised
Royal Derby	17-Jul-2014	3	01-Aug-2014
Belfast	29-Aug-2014	2	03-Oct-2014
Royal Bolton	15-Sep-2014	1	25-Sep-2014
Royal Gwent	14-Sep-2014	1	08-Oct-2014

Which site will be next to randomise their first patient?

Monthly Screening Logs

Please don't forget to upload your monthly screening information at the end of every month. This information is very important to us to help identify any potential issues with recruitment early on. We are happy to go over the process on the phone, but here are some pointers to help.

1. You can access the online screening log via the randomisation website.
2. We recommend uploading the data at the end of every month.
3. Total screened must include those that have been randomised.
4. You can record multiple reasons for non-enrolment for each person.
5. We only require a total for each reason for non-enrolment for the month, not on a per person basis.

POSNOC DVD

The POSNOC DVD has now been uploaded to YouTube and split into segments to make it easier to access.
