

the POSNOC study

SITE NEWSLETTER - WINTER EDITION - JANUARY 2024

Thank you for your continued hard work on the POSNOC study, we are grateful for each and every one of you for your help in completing and entering data. As we continue through the follow up phase of the trial, it is key that we do not lose track of patients who remain on trial.

Substantial Amendment 08 implementation

The implementation date for this amendment was *10th January 2024*. Due to the nature of this amendment, there is no immediate change to current site activities. We will get in contact approximately once per year with a list of relevant participants and which CRF needs completing for these participants.

Until then, you do not need to do anything aside from the usual up to 5 year follow ups from your site.

REMINDER

Please continue to send us your completed PI protocol signature page, via email at posnoc@nottingham.ac.uk

CRF completion on MACRO

ATTENTION

Recurrence (If Recurrence, ensure 'Loco-Regional and Treatment of Axillary recurrence' logs are completed)	<input type="text"/>	Link to Loco-Regional Recurrences.log Link to Treatment of Axillary Recurrence.log
Distant Metastasis (If Distant Metastasis, ensure 'Distant Metastasis (Breast Cancer)' log is completed)	<input type="text"/>	Link to Distant Metastasis (Breast Cancer).log
Contralateral Primary Breast Cancer (If Primary Breast Cancer, ensure 'Contralateral Primary (Breast Cancer)' form is completed)	<input type="text"/>	Link to Contralateral Primary Breast C
Non Breast Cancer (If Non Breast Cancer, ensure 'Non Breast Cancer' log is completed)	<input type="text"/>	Link to Non Breast Cancer.log
Death (If Death, ensure 'Death form' and 'End of Trial' page are completed)	<input type="text"/>	Link to Death form Link to End of Trial form

When completing participant status, please answer the questions with respect to events that have occurred since the *previous* follow up was completed, only.

For example, if a patient had a recurrence and you provided details of this at the 4 year follow up, you *do not* need to provide these details again at the 5 year follow up, unless they relate to a **new** recurrence.
